

## Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BARCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Barcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as a result of my life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up, I labored until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by miracle."

War Department Pushing the Organization of the Volunteer Army—Little News Received at the Navy Department From the Blockading Squadron. Sailors in Military Prisons Released and Restored to Service—Mastering Officers Detailed—Troops Going to the Front Receive Enthusiastic Overtures From the Public.

Washington, April 27.—Conditions in Washington are rapidly settling down to those of actual war. Notices came to the state department from the four quarters of the globe yesterday, showing that the nations as a rule are prepared to assume an attitude of strict neutrality as between the United States and Spain in the present struggle. In most cases they were in answer to the identical note sent out by the state department to all United States embassies and legations, instructing them to inform the governments to which they were accredited that war has existed since April 21.

Great Britain always has taken an advanced stand in the principles of neutrality, so that it was of great interest that the news was received here of the terms of the neutrality proclamation issued in London. On the whole the offi-

cial are disposed to take the view that a strict adherence by Great Britain to these rules will be rather more advantageous to the United States than to Spain, particularly as we are now operating in the naval sense close to our own base of supplies and in all probability will cut Spain off from the two

The man whose home is menaced by midnight marauders isn't slow to grasp a weapon to defend it. The same man when threatened by an enemy ten thousand times more dangerous, will calmly go his way and make no effort at defense. The most dangerous of all man's enemies is consumption. There is but one effective weapon with which to combat this grim destroyer. It is Dr. Pierce's Golden Medical Discovery. It cures 98 per cent of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood and throat and nasal troubles. Thousands have testified to their recovery under this remedy after they were given up by the doctors, and all hope was gone. Many of these have permitted their experiences, names, addresses and photographs to be printed in Dr. Pierce's Common Sense Medical Adviser. Any sufferer may write to them. The "Golden Medical Discovery" is the great blood-maker and flesh-builder. It makes the appetite hearty, the digestion perfect, the liver active, the blood pure and rich with the life giving elements of the food and the nerves strong and steady. Acting directly on the lungs, it drives out all impurities and disease germs. It is also a wonderful medicine for all nervous troubles. Sold by all dealers in medicine.

Jno. M. Hite, of Audubon, Audubon Co., Iowa, says: "I took a severe cold which settled on my lungs and chest. Several of our best physicians gave up all hopes of my recovery. I would cough and spit blood for hours. I took Dr. Pierce's Golden Medical Discovery, and in 21 one-cent stamps, which pays the cost of mailing only, or in cloth binding for 31 stamps. Address, World's Dispensary Medical Association, Buffalo, N. Y."

bases that she now has in the neighborhood of Cuba.

Buena Ventura May Be No Prize. The president has issued a proclamation laying down rules as to the seizure of prizes and the result, it is believed, will be the release of some of the ships already captured though it will be for the prize courts to determine in each case whether the conditions under which the ship was captured are such to warrant release.

The impression prevails that the Buena Ventura, the first on the list of prizes, will be declared no prize. The case of the Panama whose seizure was reported yesterday is more complicated owing to the fact that while otherwise exempt the ship was reported to have contained supplies for the Spanish army in Cuba which are contraband. However, it may be said that while the settlement of these questions will be left to the courts the administration believes the greatest liberality should be shown in the application of the laws where a vessel is not contraband or attempting to run the blockade.

So far as is known all the United States consuls have made their way safely out of Spain. Consul Fay at Dania has reported to the department from Lisbon, Consul Bowen at Barcelona from Paris, Consul Carroll at Cadiz and Consul Bartlam at Malaga from Gibraltar. The department has assured itself that the others are safe.

Secretary Sherman retired finally from the position of secretary of state yesterday and his successor was confirmed in the person of Judge Day. John Bassett Moore undoubtedly will be confirmed today in Judge Day's place. The latter is expected to return to Washington in about two days' time.

The army reorganization bill is now a law and the war department officials have begun to devise the best means of carrying out the purposes of the act which will result in an increase of the regular army to more than 60,000 men. In the war department preparations are going on with ceaseless energy for the organization of the volunteer army. All the officers were detailed who are to be sent to the various states and territories to muster the guardsmen into the service of the United States.

The plan for the full organization of the army were also perfected. To provide officers for the regular army and volunteers Secretary Alger ordered the assignment to duty of all the cadets at the West Point military academy who would, in the ordinary course of events, have graduated in June.

## NOT CONFIRMED.

Navy Department Has No Official Notice of Capture of Prizes.

Washington, April 27.—The greatest anxiety was shown at the navy department for news yesterday from the blockading squadron. Notwithstanding the frequent reports that came from two unofficial sources of engagements between the fleet and the shore batteries no word of confirmation came officially.

The three prizes reported to have been seized by the fleet were not referred to in the official dispatches, but the press reports of the seizures were received with the greatest satisfaction by the officers of the department, who in some cases did not hesitate to declare their envy of their more fortunate brother officers with the fleet. In fact it is becoming very hard for Secretary Long to retain in the service of the department the officers who are absolutely required, in view of their earnest desire to go to the front. A few days ago, for instance, Commodore Bradford, chief of the equipment bureau, tendered his resignation of that place and asked to be given a warship and the secretary was obliged to refuse his request.

Among the orders issued yesterday was one directing Captain A. P. Mahan, the author and world renowned authority on naval tactics, to report for duty at the navy department. Captain Mahan is a retired officer and will be assigned to a position on the strategy board. Probably he will replace Admiral Walker, for whom the president and Secretary Long cherish the highest regard on account of his professional ability and who is to be assigned to duty of the highest importance in the immediate future.

Upon the recommendation of Captain Lemly, judge advocate general, Secretary Long has ordered the release from a Boston naval prison of 28 sailors. The men have been in prison for various infractions of military law and the department believes that conditions warrant their restoration to active service.

## Mustering Officers.

Washington, April 27.—Secretary Alger has detailed the following named officers to muster into service of the United States for the states of Illinois, Indiana, Kentucky and Ohio, the troops called out by the president's proclamation. The officers are to go without delay to the rendezvous designated and report their arrival to the governors of the states and execute the work assigned to them as soon as practicable: Illinois, Springfield; Captain Eben Swift, Fifth cavalry, Second Lieutenant Cole, Seventh cavalry, assistant. Indiana, Evansville, First Lieutenant William T. May, Fifteenth infantry. Kentucky, Louisville, First Lieutenant Herbert S. Whipple, Seventh cavalry. Ohio, Columbus, Captain Charles M. Rockefeller, Ninth cavalry.

## GOING TO THE FRONT.

Receptions Given Troops as They Started to Camp.

Chicago, April 27.—Over 4,000 fighting men marched out of Chicago last night bound for the war. Since the early days of 1861 no such scenes were witnessed in this city as transpired last evening in the regimental armories, in the streets through which the columns marched, and around the trains which

bore them to the camping ground at Springfield. The regiments which went to the front were the First, Second and Seventh regiments of infantry and the First cavalry. Each regiment was recruited to its full strength and carried besides a number of recruits who will take the places of such men as may be compelled to drop out from any cause.

For hours before the time set for the troops to move the streets in front of their armories were jammed to an extent that made them absolutely impassable to vehicles. At times the pressure was so great that detachments from the regiments were compelled to clear away the throngs from the doorways of the armories. When finally the regiments moved the scene was such as to bring home to every man in the ranks the fact that the hearts of the people are with them. The cheers drowned the music of the brass bands, crowded in upon the ranks to shake hands in defiance of all military rule with the departing soldiers, many women clung to such of the blue clad boys as they could lay hands upon, regardless of the fact that they had never beheld him until that instant and those people who could not reach the ranks cheered and waved handkerchiefs and flags.

Gave the Boys \$5 Gold Pieces. Detroit, April 27.—Never since the war of the rebellion have such exciting patriotic scenes been witnessed as were enacted yesterday upon the departure of the state militia for mobilization at the camping ground at Island Lake, 50 miles west of Detroit. A crowd which has not been equaled since the G. A. R. held its national encampment here, witnessed the departure of the Fourth regiment from Detroit. At Port Huron members of the local militia company were each presented with a \$5 gold piece and two of their officers with horses.

No True Patriotism in Enlisting. Cambridge, Mass., April 27.—Professor Charles Eliot Norton of the Harvard college faculty, addressing the students, deprecated the attitude of the American people which, he said, had brought about a war as a means of settling a difficulty with a weak and inferior nation and said there was no call for students to enlist, and no true patriotism in their doing so.

Colonel Dick to Join His Regiment. Washington, April 27.—Secretary Charles Dick of the Republican national committee has left for Ohio to join his regiment, the Eighth U. S. N. G., of which he is lieutenant colonel and which will volunteer as a body for the war. The Republican national headquarters of which Colonel Dick has had charge, will be closed on May 1.

General Lee on Waiting Orders. Richmond, Va., April 27.—General Fitzhugh Lee is on waiting orders and has no present intention of going to Washington until summoned there. He has received no challenge to a duel from Lieutenant Ramon de Carranza. Should one come, General Lee will ignore it.

## HE LANDED IN CUBA

Lieutenant Rowan Enters the Island From an Open Boat.

## GOES TO MEET GENERAL GARCIA

He Was Detailed From the Bureau of Information For the Dangerous Service of Notifying the Cuban General That It Is Desired He Protect a Landing of United States Troops—Capture of the Panama by the Mangrove—Spain Hopes to Prolong the War and Involve Europe.

Kingston, Jamaica, April 27.—Lieutenant Andrew S. Rowan, U. S. A., has landed on the coast of Cuba near Santiago from an open boat, accompanied by Cuban guides. He is on his way to General Garcia's camp as representative of the war department to arrange for the landing of United States troops in eastern Cuba, Garcia to cover landing.

Lieutenant Rowan was detailed from the bureau of information for this dangerous service—dangerous because in his civilian dress he is liable to be treated as a spy.

He speaks Spanish and knows Cuba, having written a book on the subject. Moreover, he is an expert mapmaker.

Lieutenant Rowan left Washington under instant orders on April 9. He was directed to wait here, prepared to go to Porto Rico or Cuba. As he went to eastern Cuba, it is inferred that a blow will be struck there before one is struck at Porto Rico.

With him he took an official Spanish section map of eastern Cuba, with emendations made by the war department hydrographers. The expectation is that General Calixto Garcia will dispose his forces to cover a landing of United States troops as pre-arranged. A courier with Lieutenant Rowan's first dispatches to the war department will probably leave General Garcia's camp next week.

## CAPTURE OF THE PANAMA.

The Little Mangrove Takes the Richest Prize Yet.

Ky West, April 27.—The lighthouse tender Mangrove puffed proudly into Key West harbor yesterday with the richest prize of the war thus far. The captive was the Panama, Captain Quevedo, a big transatlantic liner and an auxiliary cruiser of the Spanish navy, which has been plying of late between New York and Havana. She had 29 passengers, including three women, one Frenchman and one Mexican, and a crew of 72.

As the Panama carried two 12-pounders she could easily have annihilated the little Mangrove, and as the latter came into harbor with her prize, there was not a craft but saluted her with rousing cheers.

The Mangrove, under Lieutenant Commander William H. Everett, who came down from the hydrograph office a few weeks ago to take her, was cruising along the Cuban coast, about 20 miles north of Havana when she sighted the Panama. The only other ship of the fleet in sight was the battleship Indiana, three miles to the rear. Lieutenant Commander Everett scented a prize, and scudded towards the stranger. When the latter came within range a shot from the Mangrove's 12 pounder was sent across her bows, but the Spaniards ignored the challenge and went on. Another shot followed without result, but the Mangrove was drawing nearer the stranger, who calmly proceeded on her course, apparently without any intention of running away.

When the third shot was fired the Mangrove was within 100 yards of the Panama and Lieutenant Commander Everett shouted to the deck officer that if she did not surrender he would sink her.

The Mangrove's officers admit that they expected the enemy's 12-pounder to open on them in response to the threat, but the Spaniard promptly came to. Ensign Dayton, the senior officer of the Mangrove, boarded the prize.

The Panama is of about 2,800 tons burden and Captain Quevedo was grief-stricken and greatly humiliated because of the capture. The Panama carries a valuable cargo of general merchandise, including a large quantity of corn. Much of it was meant to provision the Spaniards in Cuba, and the cargo, with the ship, undoubtedly makes the richest prize thus far taken. Under the regulations, however, the battleship Indiana will share in the prize money, as she was in sight when the capture was made.

## SPAIN'S INTENTION.

She Will Prolong the War In Hopes of Involving Europe.

Madrid, April 27.—Senator Silvela, the leader of the dissident Conservatives, says Spain has already lost the material advantages resulting from the possession of Cuba, but will fight to the last on the question of maintaining the flag, preferring to fight America openly, rather than America secretly fomenting insurrection.

The result of defeat, as Senator Silvela puts it, will only mean a loss of what has already gone, since Europe would not allow any army of occupation in Spain pending the payment of war indemnity. The Conservative leader says: "It daily becomes clearer that America has blundered into a war that will be disastrously expensive to her, whatever the outcome. The fault lies with the jingo papers in urging American

statesmen beyond the bounds of reasonable demands of good government for Cuba. America is justified on that point, but not justified beyond it."

It is argued by the press that the war must be disastrous to the true interests of the United States. Spain intends to prolong it "until European interests are involved and the powers are compelled to intervene in self-defense, or until the expected general conflagration of Europe against Anglo-Saxon domination is brought about."

Spain's determination to set the world ablaze rather than to withdraw from the conflict dishonored is very marked.

## NEWS FROM HAVANA.

Don't Know War Is In Progress—No Evidence of Starvation.

On Board the Flagship New York, off Havana, via Key West, April 27.—The first news from Havana reached the squadron when the British steamer Luciline was stopped by the flagship. The Luciline is commanded by Captain Tucker. She hails from London and was bound from Havana for Bermuda and Philadelphia. She has about 200 Cubans—men, women and children—on board, besides a cargo of horses and sugar. She is the first boat known to have left Havana since last Friday, when the blockade was commenced. She was seen coming out from El Morro and was about six miles from land before the New York started on her trail.

Lieutenant Marble was sent on board by Captain Chadwick. The Cubans on the Luciline's deck shouted "hurrah" and waved their hands at the New York. Captain Tucker gave satisfactory proofs of the Luciline's identity. He said that the people in Havana did not know that the war was in progress. The English consul general, Mr. Gollan, had said nothing to him, so Captain Tucker alleged, about the war or the blockade.

After a careful inspection, Lieutenant Marble left Luciline. Three cheers were given when he went over the side.

## Germans Want to Get Out of Cuba.

Kingston, Jamaica, April 27.—The Germans at Trinidad, Cuba, have cabled the German consul here to send a vessel to take away a number of Germans. As yet the local German official has not engaged a steamer. Alfredo T. Triay, United States consul at Baracoa, Cuba, who has been here for some days, sailed from Port Antonio today for Baltimore.

## Nearly Killed by a Hog.

Church Hill, O., April 27.—While driving a hog Owen Davis, a young man of this place, was attacked by the animal and nearly killed. Davis was terribly cut by the hog's tusks, and when he succeeded in reaching a place of safety his clothes were in tatters.

## George Jackson Enlists.

Springfield, O., April 27.—George Jackson, colored, who, it is alleged, drove the cab in which Pearl Bryan rode to her death, was the first recruit to join Company A, Ninth Battalion, on the call for volunteers.

## PREFERS CAVALRY.

Desha Breckinridge Commissioned as a Captain in Louisville Legion.  
Lexington, Ky., April 26.—Desha Breckinridge, son of W. C. P. Breckinridge, and proprietor of the Morning Herald has received from Governor Bradley notice that he has been commissioned as captain of Company L, Louisville Legion. Mr. Breckinridge, while accepting the commission, prefers to be permitted to raise a company of cavalry to be put into the legion, and believes that his desire will eventually be accomplished.

## SPANISH MAILS.

Government Stops that Between This Country and Spain.

New York, April 27.—The exchange of mails between this country and Spain and all Spanish colonies has been stopped. Postmaster Vancott received an order from Washington today to hold all Spanish mail. Since all mail from the United States for Spain passes through this office, the order stops all Spanish mail. Mails to Cuba are likewise stopped by the order.

## Commander Elmer Dead.

New York, April 27.—The assignment of Rear Admiral H. Erben, retired, to relieve Commander Elmer, in charge of the Mosquito fleet, was caused by the ill health of Commander Elmer, who died at the Maunton House in Brooklyn last evening.

## Sighted the Minneapolis.

Rockland, Me., April 27.—Steamer Mount Desert, sighted the cruiser Minneapolis last yesterday afternoon off Mount Desert Island, steaming to the eastward.

## POWDERMILL EXPLODES.

Seven Persons Killed and Four Seriously Injured.

Santa Cruz, Cal., April 27.—Three explosions occurred at the California powder works, causing the loss of seven lives and four persons being seriously injured, as follows. The killed: EDWARD KILDERAN, brickmason. J. MILLER, foreman of one of the mills. C. A. COLE, carpenter. E. JENNINGS. J. JOSE.

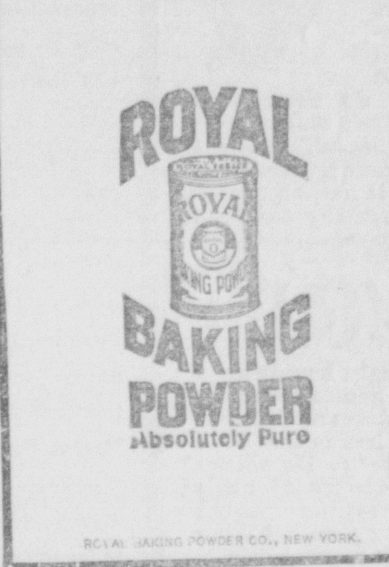

## TWO BOYS NAMED MARSHALL.

The injured: J. NOLSON, William Burge, J. Linnah and M. NUNSON.

## Was Enough to Kill Two Men.

Logan, C., April 27.—The following is the exact analysis made by Professor Berner of Columbus in the Eagle poisoning case, and sent by him to State Attorney Pettit. The poison found was strychnine, as follows: Vomited matter, one-fifth of a grain; stomach, one-sixteenth of a grain; spinal cord, small amount; coffee grounds, a little over one-half grain—enough, says Professor Berner, to kill two men.

Royal makes the food pure, wholesome and delicious.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 2nd N. Y. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the sciatica. I was unable to do any work, my heart was so weak that I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by miracle."

Front Receive Enthusiastic Overtures  
From the Public.

Washington, April 27.—Conditions in  
Washington are rapidly settling down  
to those of actual war. Notices came to  
the state department from the four  
quarters of the globe yesterday, showing  
that the nations as a rule are prepared  
to assume an attitude of strict neutral-  
ity as between the United States and  
Spain in the present struggle. In most  
cases they were in answer to the identi-  
cal note sent out by the state depart-  
ment to all United States embassies and  
legations, instructing them to inform  
the governments to which they were  
accredited that war has existed since  
April 21.

Great Britain always has taken an ad-  
vanced stand in the principles of neu-  
trality, so that it was of great interest  
that the news was received here of the  
terms of the neutrality proclamation is-  
sued in London. On the whole the offi-

cial are disposed to take the view that  
a strict adherence by Great Britain to  
these rules will be rather more advan-  
tageous to the United States than to  
Spain, particularly as we are now oper-  
ating in the naval sense close to our own  
base of supplies and in all probability  
will cut Spain off from the two

The man whose home  
is menaced by midnight  
marauders isn't slow to  
defend it. The same man  
when threatened by an  
enemy ten thousand  
times more  
dangerous, will  
calmly go his  
way and make  
no effort at  
defense. The most  
dangerous  
of all man-  
kind's enemies  
is consumption.  
There is but  
one effective  
weapon with  
which to com-  
bat this grim  
destroyer. It  
is Dr. Pierce's Golden Medical Discovery.  
It cures 98 per cent. of all cases of con-  
sumption, bronchitis, asthma, laryngitis,  
weak lungs, spitting of blood and throat  
and nasal troubles. Thousands have testi-  
fied to their recovery under this remedy  
after they were given up by the doctors,  
and all hope was gone. Many of these  
have permitted their experiences, names,  
addresses and photographs to be printed in  
Dr. Pierce's Common Sense Medical Ad-  
viser. Any sufferer may write to them.  
The "Golden Medical Discovery" is the  
great blood-maker and flesh-builder. It  
makes the appetite hearty, the digestion  
and assimilation perfect, the liver active,  
the blood pure and rich with the life giving  
elements of the food and the nerves strong  
and steady. Acting directly on the lungs,  
it drives out all impurities and disease  
germs. It is also a wonderful medicine for  
all nervous troubles. Sold by all dealers  
in medicine.

Jno. M. Hite, of Audubon, Audubon Co., Iowa,  
says: "I took a severe cold which settled on my  
lungs and chest. Several of our best physicians  
gave up all hopes of my recovery. I would cough  
and spit blood for hours. I took Dr. Pierce's  
Golden Medical Discovery and recovered."  
Dr. Pierce's Common Sense Medical  
Adviser is a book of 1,000 pages and over  
three hundred illustrations. This book is  
free. You may have it in all its usefulness,  
and in strong paper covers, for 21 one-cent  
stamps, which pays the cost of mailing  
only, or in cloth binding for 31 stamps.

**Buena Ventura May Be No Prize.**  
The president has issued a proclama-  
tion laying down rules as to the seizure  
of prizes and the result, it is believed,  
will be the release of some of the ships  
already captured though it will be for the  
prize courts to determine in each  
case whether the conditions under  
which the ship was captured are such  
to warrant release.

The impression prevails that the  
Buena Ventura, the first on the list of  
prizes, will be declared no prize.

The case of the Panama whose seizure  
was reported yesterday is more com-  
plicated owing to the fact that while  
otherwise exempt the ship was reported  
to have contained supplies for the Span-  
ish army in Cuba which are contraband.  
However, it may be said that while the  
settlement of these questions will be left  
to the courts the administration be-  
lieves the greatest liberality should be  
shown in the application of the laws  
where a vessel is not contraband or at-  
tempting to run the blockade.

So far as is known all the United  
States consuls have made their way  
safely out of Spain. Consul Fay at  
Dania has reported to the department  
from Lisbon, Consul Bowen at Barce-  
lona from Paris, Consul Carroll at  
Cadix and Consul Bartelme at Malaga  
from Gibraltar. The department has  
assured itself that the others are safe.

Secretary Sherman retired finally  
from the position of secretary of state  
yesterday and his successor was con-  
firmed in the person of Judge Day.  
John Bassett Moore undoubtedly will  
be confirmed today in Judge Day's place.  
The latter is expected to return to  
Washington in about two days' time.

The army reorganization bill is now  
a law and the war department officials  
have begun to devise the best means of  
carrying out the purposes of the act  
which will result in an increase of the  
regular army to more than 60,000 men.

In the war department preparations  
are going on with ceaseless energy for  
the organization of the volunteer army.  
All the officers were detailed who are  
to be sent to the various states and ter-  
ritories to muster the guardsmen into  
the service of the United States.

The plan for the full organization of  
the army were also perfected. To pro-  
vide officers for the regular army and  
volunteers Secretary Alger ordered  
the assignment to duty of all the cadets  
at the West Point military academy  
who would, in the ordinary course of  
events, have graduated in June.

**NOT CONFIRMED.**

Navy Department Has No Official Notice  
of Capture of Prizes.

Washington, April 27.—The greatest  
anxiety was shown at the navy depart-  
ment for news yesterday from the  
blockading squadron. Notwithstanding  
the frequent reports that came from two  
unofficial sources of engagements be-  
tween the fleet and the shore batteries  
no word of confirmation came officially.

The three prizes reported to have  
been seized by the fleet were not re-  
ferred to in the official dispatches, but  
the press reports of the seizures were  
received with the greatest satisfaction by  
the officers of the department, who in  
some cases did not hesitate to declare  
their envy of their more fortunate  
brother officers with the fleet. In fact  
it is becoming very hard for Secretary  
Long to retain in the service of the  
department the officers who are absolutely  
required, in view of their earnest desire  
to go to the front. A few days ago, for  
instance, Commodore Bradford, chief of  
the equipment bureau, tendered his  
resignation of that place and asked to  
be given a warship and the secretary  
was obliged to refuse his request.

Among the orders issued yesterday  
was one directing Captain A. P. Mahan,  
the author and well renowned author-  
ity on naval tactics, to report for duty at  
the navy department. Captain Mahan  
is a retired officer and will be assigned  
to a position on the strategy board.  
Probably he will replace Admiral  
Walker, for whom the president and  
Secretary Long cherish the highest re-  
gard on account of his professional ability  
and who is to be assigned to duty of  
the highest importance in the immediate  
future.

Upon the recommendation of Captain  
Lemly, judge advocate general, Sec-  
retary Long has ordered the release from  
a Boston naval prison of 28 sailors. The  
men have been in prison for various in-  
fringements of military law and the depart-  
ment believes that conditions warrant  
their restoration to active service.

**MUSTERING OFFICERS.**

Washington, April 27.—Secretary  
Alger has detailed the following named  
officers to muster into service of the  
United States for the states of Illinois,  
Indiana, Kentucky and Ohio, the troops  
called out by the president's proclama-  
tion. The officers are to go without de-  
lay to the rendezvous designated and re-  
port their arrival to the governors of  
the states and execute the work assigned  
to them as soon as practicable: Illinois,  
Springfield; Captain Eben Swift, Fifth  
cavalry, Second Lieutenant Cole,  
Seventh cavalry, assistant. Indiana,  
Evansville, First Lieutenant William T.  
May, Fifteenth infantry. Kentucky,  
Louisville, First Lieutenant Herbert S.  
Whipple, Seventh cavalry. Ohio, Col-  
umbus, Captain Charles M. Rockefeller,  
Ninth cavalry.

**GOING TO THE FRONT.**

Receptions Given Troops as They Started  
to Camp.

Chicago, April 27.—Over 4,000 fight-  
ing men marched out of Chicago last  
night bound for the war. Since the early  
days of 1861 no such scenes were wit-  
nessed in this city as transpired last  
evening in the regimental armories, in  
the streets through which the columns  
marched, and around the trains which

bore them to the camping ground at  
Springfield. The regiments which went  
to the front were the First, Second and  
Seventh regiments of infantry and the  
First cavalry. Each regiment was re-  
cruited to its full strength and carried  
besides a number of recruits who will  
take the places of such men as may be  
compelled to drop out from any cause.

For hours before the time set for the  
troops to move the streets in front of  
their armories were jammed to an ex-  
tent that made them absolutely impass-  
able to vehicles. At times the pressure  
was so great that detachments from the  
regiments were compelled to clear away  
the throngs from the doorways of the  
armories. When finally the regiments  
moved the scene was such as to bring  
home to every man in the ranks the fact  
that the hearts of the people are with  
them. The cheers drowned the music  
of the brass bands, crowded in upon the  
ranks to shake hands in defiance of all  
military rule with the departing sol-  
diers, many women clung to such of the  
blue clad boys as they could lay hands  
upon, regardless of the fact that they  
had never beheld him until that instant  
and those people who could not reach  
the ranks cheered and waved handker-  
chiefs and flags.

**Gave the Boys \$5 Gold Pieces.**

Detroit, April 27.—Never since the  
war of the rebellion have such exciting  
patriotic scenes been witnessed as were  
enacted yesterday upon the departure  
of the state militia for mobilization at  
the camping ground at Island Lake, 50  
miles west of Detroit. A crowd, which  
has not been equaled since the G. A. R.  
held its national encampment here, wit-  
nessed the departure of the Fourth  
regiment from Detroit. At Port Huron  
members of the local militia com-  
pany were each presented with a \$5  
gold piece and two of their officers with  
loaves.

**No True Patriotism in Enlisting.**

Cambridge, Mass., April 27.—Prof-  
essor Charles Eliot Norton of the Harvard  
college faculty, addressing the students,  
depreciated the attitude of the Ameri-  
can people which, he said, had brought  
about a war as a means of settling a  
difficulty with a weak and inferior na-  
tion and said there was no call for stu-  
dents to enlist, and no true patriotism  
in their doing so.

**Colonel Dick to Join His Regiment.**

Washington, April 27.—Secretary  
Charles Dick of the Republican national  
committee has left for Ohio to join  
his regiment, the Eighth U. S. N. G., of  
which he is lieutenant colonel and  
which will volunteer as a body for the  
war. The Republican national head-  
quarters of which Colonel Dick has had  
charge, will be closed on May 1.

**General Lee on Waiting Orders.**

Richmond, Va., April 27.—General  
Fitzhugh Lee is on waiting orders and  
has no present intention of going to  
Washington until summoned there. He  
has received no challenge to a duel from  
Lieutenant Ramon de Carranza. Should  
one come, General Lee will ignore it.

**HE LANDED IN CUBA**

Lieutenant Rowan Enters the Is-  
land From an Open Boat.

**GOES TO MEET GENERAL GARCIA**

He Was Detailed From the Bureau of  
Information For the Dangerous Service  
of Notifying the Cuban General That  
It Is Desired He Protect a Landing of  
United States Troops—Capture of the  
Panama by the Mangrove—Spain Hopes  
to Prolong the War and Involve  
Europe.

Kingston, Jamaica, April 27.—Lieut-  
enant Andrew S. Rowan, U. S. A.,  
has landed on the coast of Cuba near  
Santiago from an open boat, accom-  
panied by Cuban guides. He is on his  
way to General Garcia's camp as rep-  
resentative of the war department to ar-  
range for the landing of United States  
troops in eastern Cuba, Garcia to cover  
landings.

Lieutenant Rowan was detailed from  
the bureau of information for this dan-  
gerous service—dangerous because in  
his civilian dress he is liable to be treat-  
ed as a spy.

He speaks Spanish and knows Cuba,  
having written a book on the subject.  
Moreover, he is an expert mapmaker.

Lieutenant Rowan left Washington  
under instant orders on April 9. He  
was directed to wait here, prepared to  
go to Porto Rico or Cuba. As he went  
to eastern Cuba, it is inferred that a  
blow will be struck there before one is  
struck at Porto Rico.

With him he took an official Spanish  
section map of eastern Cuba, with  
emendations made by the war depart-  
ment hygrographers. The expectation is  
that General Calixto Garcia will dispose  
his forces to cover a landing of United  
States troops as pre-arranged. A courier  
with Lieutenant Rowan's first dispatches  
to the war department will probably  
leave General Garcia's camp next week.

**CAPTURE OF THE PANAMA.**

The Little Mangrove Takes the Richest  
Prize Yet.

Key West, April 27.—The lighthouse  
tender Mangrove puffed proudly into  
Key West harbor yesterday with the  
richest prize of the war thus far. The  
captive was the Panama, Captain Que-  
vedo, a big transatlantic liner and an  
auxiliary cruiser of the Spanish navy,  
which has been plying of late between  
New York and Havana. She had 29  
passengers, including three women, one  
Frenchman and one Mexican, and a  
crew of 72.

As the Panama carried two 12-pound-  
ers she could easily have annihilated the  
little Mangrove, and as the latter came  
into harbor with her prize, there was  
not a craft but saluted her with rousing  
cheers.

The Mangrove, under Lieutenant  
Commander William H. Everett, who  
came down from the hydrographic  
office a few weeks ago to take her, was  
cruising along the Cuban coast, about  
20 miles north of Havana when she  
sighted the Panama. The only other  
ship of the fleet in sight was the bat-  
tle-ship Indiana, three miles to the rear.  
Lieutenant Commander Everett scented  
a prize, and scudded towards the stran-  
ger.

When the latter came within range  
a shot from the Mangrove's 12-pound-  
er was sent across her bows, but the Span-  
iards ignored the challenge and went  
on. Another shot followed without re-  
sult, but the Mangrove was drawing  
nearer the stranger, who calmly pro-  
ceeded on her course, apparently with-  
out any intention of running away.

When the third shot was fired the  
Mangrove was within 100 yards of the  
Panama and Lieutenant Commander  
Everett shouted to the deck officer that  
if she did not surrender he would sink  
her.

The Mangrove's officers admit that  
they expected the enemy's 12-pounder  
to open on them in response to the  
threat, but the Spaniard promptly came  
to. Ensign Dayton, the senior officer of  
the Mangrove, boarded the prize.

The Panama is of about 2,800 tons  
burden and Captain Quevedo was grief-  
stricken and greatly humiliated because  
of the capture. The Panama carries a  
valuable cargo of general merchandise,  
including a large quantity of coin.  
Much of it was meant to provision the  
Spaniards in Cuba, and the cargo, with  
the ship, undoubtedly makes the richest  
prize thus far taken. Under the regula-  
tions, however, the battleship Indiana  
will share in the prize money, as she  
was in sight when the capture was made.

**SPAIN'S INTENTION.**

She Will Prolong the War in Hopes of  
Invoking Europe.

Madrid, April 27.—Senor Silvela,  
the leader of the dissenting Conserva-  
tives, says Spain has already lost the material  
advantages resulting from the posses-  
sion of Cuba, but will fight to the last  
on the question of maintaining the flag,  
preferring to fight America openly,  
rather than America secretly fomenting  
insurrection.

The result of defeat, as Senor Silvela  
puts it, will only mean a loss of what  
has already gone, since Europe would  
not allow any army of occupation in  
Spain pending the payment of war in-  
demnities. The Conservative leader says:  
"It daily becomes clearer that Ameri-  
ca has blundered into a war that will be  
disastrously expensive to her, what-  
ever the outcome. The fault lies with  
the jingo papers in urging American

statesmen beyond the bounds of reason-  
able demands of good government for  
Cuba. America is justified on that  
point, but not justified beyond it."

It is argued by the press that the war  
must be disastrous to the true interests  
of the United States. Spain intends to  
prolong it "until European interests are  
involved and the powers are compelled  
to intervene in self-defense, or until the  
expected general conflagration of Europe  
against Anglo-Saxon domination is  
brought about."

Spain's determination to set the world  
ablaze rather than to withdraw from the  
conflict dishonored is very marked.

**NEWS FROM HAVANA.**

Don't Know War Is In Progress—No Ev-  
idence of Starvation.

On Board the Flagship New York, off  
Havana, via Key West, April 27.—The  
first news from Havana reached the  
squadron when the British steamer Lu-  
ciline was stopped by the flagship. The  
Luciline is commanded by Captain  
Tucker. She hails from London and  
was bound from Havana for Bermuda  
and Philadelphia. She has about 300  
Cubans—men, women and children—on  
board, besides a cargo of horses and  
sugar. She is the first boat known to  
have left Havana since last Friday,  
when the blockade was commenced.  
She was seen coming out from El Morro  
and was about six miles from land be-  
fore the New York started on her trail.

Lieutenant Marble was sent on board  
by Captain Chadwick. The Cubans on  
the Luciline's deck shouted "hurrah"  
and waved their hands at the New York.  
Captain Tucker gave satisfactory proofs  
of the Luciline's identity. He said that  
the people in Havana did not know that  
the war was in progress. The Eng-  
lish consul general, Mr. Gollan, had  
said nothing to him, so Captain Tucker  
alleged, about the war or the blockade.

After a careful inspection, Lieutenant  
Marble left Luciline. Three cheers were  
given when he went over the side.

**Germans Want to Get Out of Cuba.**

Kingston, Jamaica, April 27.—The  
Germans at Trinidad, Cuba, have called  
the German consul here to send a vessel  
to take away a number of Germans. As  
yet the local German official has not en-  
gaged a steamer. Alfredo T. Triay,  
United States consul at Baracoa, Cuba,  
who has been here for some days, sailed  
from Port Antonio today for Baltimore.

**Nearly Killed by a Hog.**

Church Hill, O., April 27.—While  
driving a hog Owen Davis, a young  
man of this place, was attacked by the  
animal and nearly killed. Davis was  
terribly cut by the hog's tusks, and  
when he succeeded in reaching a place  
of safety his clothes were in tatters.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at W. F. Peter Drug Store. Regular size 50c and 1.00. Every bottle guaranteed.

Prof. Hayden Richards was by guest of Mr. and Mrs. Chas. Rumph Sunday.

Lincoln Higgins was struck in the eye while at work which may possibly result in blindness.

Dr. Ed. Roberts, formerly a school teacher at this place, is quite sick at his home in Indianapolis.

The commencement was a success. Quite a large crowd in attendance and good order prevailed. The Cortland orchestra furnished excellent music and the graduates all acquitted themselves with high honor.

We agree with some part of the opinion of the Honeytown correspondent, but we do believe that here we could furnish men who would honestly discharge their duties as superintendents and see no reason why we cannot as well have good gravel roads as any place though it may cost a little. We are paying to keep up gravel roads elsewhere over the county and why not let a little go on home roads. So if you are about to vote against your own interests think twice and change your mind for the right as you will in time be bound to see.

## STABBED AN OFFICER

Negro Probably Fatally Cuts a Constable While Resisting Arrest.

## NEW SWAMP LAND DECISION

Anvil Explodes and Tears Part of Andrew Edwards' Face Away—Strange Bird Captured Near Dillsboro. Pigeons For Signal Service. Big and Aged Apple Tree.

Princeton, Ind., April 27.—Thomas Jackson, a negro, stabbed Constable William Murphy while resisting arrest. Jackson had engaged in a brawl, and when the officer attempted to arrest him, he plunged a dirk into Murphy's side. Jackson attempted to escape, but a crowd that saw Murphy fall, became a howling mob and stones and clubs were hurled at the fleeing negro. Officers ran to protect Jackson and after hard work took the negro from the mob and lodged him in jail.

## SWAMP LAND DECISION.

Case of Mason Against the Calumet Canal and Improvement Company.

Indianapolis, April 27.—A decision in the case of Mason against the Calumet Canal and Improvement company was rendered yesterday by the supreme court. It determines the title to the lands formerly covered by the waters of Wolf Lake and Lake George. The court holds that the original survey of 1834 and sales made under that survey are valid, and that the subsequent survey of 1875 and sales made thereunder are invalid. It is further held that the original grantees of the government and their successors have had such possession of these lands as is possible for wild, wet and uncultivated lands, and that persons claiming under the last survey can not oust them by a claim of adverse holding for 20 years.

## ANVIL EXPLODED.

Andrew Edwards Loses an Eye and Part of His Face.

Rochester, Ind., April 27.—When the call came for the militia yesterday Andrew Edwards volunteered to notify the boys by firing an anvil. After rapid firing for some time, he became careless and in a premature explosion, one of his eyes was ruined and a portion of his face was blown away. He has fired the anvil at intervals for 25 years.

## Captured a Strange Bird.

Dillsboro, Ind., April 27.—James Allen, a farmer who lives near Rabbit Hash, shot and wounded a strange bird, which he succeeded in capturing. Hundreds of people have seen it, and all pronounce it a stranger in this part of the country. It has a long and sharp bill, medium-sized body and long and slender legs. Its feathers have stripes like a tiger. It is vicious, and has inflicted two or three painful wounds with its sharp beak.

## To See His Father.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

## CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, get your urine aside for twenty four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two cent stamps to cover cost of postage on the bottle. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness of this offer.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at W. F. Peter Drug Store. Regular size 50c and 1.00. Every bottle guaranteed.

Lincoln Higgins was struck in the eye while at work which may possibly result in blindness.

Dr. Ed. Roberts, formerly a school teacher at this place, is quite sick at his home in Indianapolis.

The commencement was a success. Quite a large crowd in attendance and good order prevailed. The Cortland orchestra furnished excellent music and the graduates all acquitted themselves with high honor.

We agree with some part of the opinion of the Honeytown correspondent, but we do believe that here we could furnish men who would honestly discharge their duties as superintendents and see no reason why we cannot, as well have good gravel roads as any place though it may cost a little. We are paying to keep up gravel roads elsewhere over the county and why not let a little go on home roads. So if you are about to vote against your own interests think twice and change your mind for the right as you will in time be bound to see.

He has been in the drug business at Elkton, Ky., for twelve years; he has sold hundreds of bottles of this remedy and all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Negro Probably Fatally Cuts a Constable While Resisting Arrest.

## NEW SWAMP LAND DECISION

Anvil Explodes and Tears Part of Andrew Edwards' Face Away—Strange Bird Captured Near Dillsboro. Pigeons For Signal Service. Big and Aged Apple Tree.

Princeton, Ind., April 27.—Thomas Jackson, a negro, stabbed Constable William Murphy while resisting arrest. Jackson had engaged in a brawl, and when the officer attempted to arrest him, he plunged a dirk into Murphy's side. Jackson attempted to escape, but a crowd that saw Murphy fall, became a howling mob and stones and clubs were hurled at the fleeing negro. Officers ran to protect Jackson and after hard work took the negro from the mob and lodged him in jail.

## SWAMP LAND DECISION.

Case of Mason Against the Calumet Canal and Improvement Company.

Indianapolis, April 27.—A decision in the case of Mason against the Calumet Canal and Improvement company was rendered yesterday by the supreme court. It determines the title to the lands formerly covered by the waters of Wolf lake and Lake George. The court holds that the original survey of 1834 and sales made under that survey are valid, and that the subsequent survey of 1875 and sales made thereunder are invalid. It is further held that the original grantees of the government and their successors have had such possession of these lands as is possible for wild, wet and uncultivated lands, and that persons claiming under the last survey can not oust them by a claim of adverse holding for 30 years.

## ANVIL EXPLODED.

Andrew Edwards Loses an Eye and Part of His Face.

Rochester, Ind., April 27.—When the call came for the militia yesterday Andrew Edwards volunteered to notify the boys by firing an anvil. After rapid firing for some time, he became careless and in a premature explosion, one of his eyes was blown away. He has fired the anvil at intervals for 25 years.

## Captured a Strange Bird.

Dillsboro, Ind., April 27.—James Allen, a farmer who lives near Rabbit Hash, shot and wounded a strange bird, which he succeeded in capturing. Hundreds of people have seen it, and all pronounce it a stranger in this part of the country. It has a long and sharp bill, medium-sized body and long and slender legs. Its feathers have stripes like a tiger. It is vicious, and has inflicted two or three painful wounds with its sharp beak.

## To See His Father.

Dillsboro, Ind., April 27.—Clinton F. Henderson, who has been in the United States army for almost six years, and who has been stationed at Yellowstone park, was given a permit to stop for 12 hours with his aged father, Milton M. Henderson, at Springdale, while en route for Tampa, Fla. He has not been sick since he entered the army and he is finely developed.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

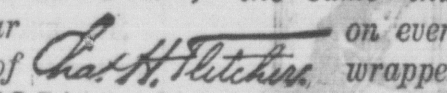

## CAUSE.

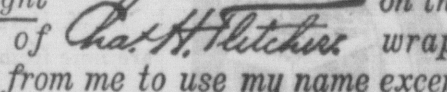

Unhealthy urine from unhealthy kidney is the chief cause of bladder trouble. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, rest your urine aside for twenty-four hours, a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the Republican and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness of this offer.

**Dr. Miles' New Heart Cure.**

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatitis which affected my heart in the worst form, my limbs swelled from the ankles up. I bled until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as it by a miracle."

Sailors in Military Prisons Released  
and Restored to Service—Mustering Of-  
ficers Detailed—Enthusiastic Overtures  
From the Public.

Washington, April 27.—Conditions in  
Washington are rapidly settling down to  
those of actual war. Notices came to  
the state department from the four  
quarters of the globe yesterday, showing  
that the nations as a rule are prepared  
to assume an attitude of strict neutral-  
ity as between the United States and  
Spain in the present struggle. In most  
cases they were in answer to the identi-  
cal note sent out by the state depart-  
ment to all United States embassies and  
legations, instructing them to inform  
the governments to which they were  
accredited that war has existed since  
April 21.

Great Britain always has taken an ad-  
vanced stand in the principles of neu-  
trality, so that it was of great interest  
that the news was received here of the  
terms of the neutrality proclamation is-  
sued in London. On the whole the offi-

cial are disposed to take the view that  
a strict adherence by Great Britain to  
these rules will be rather more advan-  
tageous to the United States than to  
Spain, particularly as we are now oper-  
ating in the naval sense close to our own  
base of supplies and in all probability  
will cut Spain off from the two

and all hope was gone. Many of these  
have permitted their experiences, names,  
addresses and photographs to be printed in  
Dr. Pierce's Common Sense Medical Ad-

Jno. M. Hite, of Audubon, Audubon Co., Iowa,  
says: "I took a severe cold which settled on  
my lungs and chest. Several of our best physi-  
cians gave up all hopes of my recovery. I would  
cough and spit blood for hours. I took Dr. Pierce's  
Golden Medical Discovery and recovered."

**Buena Ventura May Be No Prize.**  
The president has issued a proclama-  
tion laying down rules as to the seizure  
of prizes and the result, it is believed,  
will be the release of some of the ships  
already captured though it will be for  
the prize courts to determine in each  
case whether the conditions under  
which the ship was captured are such  
to warrant release.

The impression prevails that the  
Buena Ventura, the first on the list of  
prizes, will be declared no prize.

The case of the Panama whose seizure  
was reported yesterday is more com-  
plicated owing to the fact that while  
otherwise exempt the ship was reported  
to have contained supplies for the Span-  
ish army in Cuba which are contraband.  
However, it may be said that while the  
settlement of these questions will be left  
to the courts the administration be-  
lieves the greatest liberality should be  
shown in the application of the laws  
where a vessel is not contraband or at-  
tempting to run the blockade.

So far as is known all the United  
States consuls have made their way  
safely out of Spain. Consul Fay at  
Dania has reported to the department  
from Lisbon, Consul Bowen at Barce-  
lona from Paris, Consul Carroll at  
Cadix and Consul Bartelme at Malaga  
from Gibraltar. The department has  
assured itself that the others are safe.

Secretary Sherman retired finally  
from the position of secretary of state  
yesterday and his successor was con-  
firmed in the person of Judge Day.  
John Bassett Moore undoubtedly will be  
confirmed today in Judge Day's place.  
The latter is expected to return to  
Washington in about two days' time.

The army reorganization bill is now  
a law and the war department officials  
have begun to devise the best means of  
carrying out the purposes of the act  
which will result in an increase of the  
regular army to more than 60,000 men.

In the war department preparations  
are going on with ceaseless energy for  
the organization of the volunteer army.  
All the officers were detailed who are  
to be sent to the various states and ter-  
ritories to muster the guardsmen into  
the service of the United States.

The plan for the full organization of  
the army were also perfected. To pro-  
vide officers for the regular army and  
volunteers Secretary Alger ordered  
the assignment to duty of all the cadets  
at the West Point military academy  
who would, in the ordinary course of  
events, have graduated in June.

**NOT CONFIRMED.**

Navy Department Has No Official Notice  
of Capture of Prizes.

Washington, April 27.—The greatest  
anxiety was shown at the navy depart-  
ment for news yesterday from the  
blockading squadron. Notwithstanding  
the frequent reports that came from two  
unofficial sources of engagements be-  
tween the fleet and the shore batteries  
no word of confirmation came officially.

The three prizes reported to have  
been seized by the fleet were not re-  
ferred to in the official dispatches, but  
the press reports of the seizures were  
received with the greatest satisfaction by  
the officers of the department, who in  
some cases did not hesitate to declare  
their envy of their more fortunate  
brother officers with the fleet. In fact  
it is becoming very hard for Secretary  
Long to retain in the service of the  
department the officers who are absolutely  
required, in view of their earnest desire  
to go to the front. A few days ago,  
for instance, Commodore Bradford, chief  
of the equipment bureau, tendered his  
resignation of that place and asked to  
be given a warship and the secretary  
was obliged to refuse his request.

Among the orders issued yesterday  
was one directing Captain A. P. Mahan,  
the author and world renowned author-  
ity on naval tactics, to report for duty at  
the navy department. Captain Mahan  
is a retired officer and will be assigned  
to a position on the strategy board.  
Probably he will replace Admiral  
Walker, for whom the president and  
Secretary Long cherish the highest re-  
gard on account of his professional abil-  
ity and who is to be assigned to duty of  
the highest importance in the immediate  
future.

Upon the recommendation of Captain  
Lemly, judge advocate general, Sec-  
retary Long has ordered the release from  
a Boston naval prison of 28 sailors. The  
men have been in prison for various in-  
fringements of military law and the depart-  
ment believes that conditions warrant  
their restoration to active service.

**Mastering Officers.**

Washington, April 27.—Secretary  
Alger has detailed the following named  
officers to muster into service of the  
United States for the states of Illinois,  
Indiana, Kentucky and Ohio, the troops  
called out by the president's proclama-  
tion. The officers are to go without de-  
lay to the rendezvous designated and re-  
port their arrival to the governors of  
the states and execute the work assigned  
to them as soon as practicable: Illinois,  
Springfield; Captain Eben Swift, Fifth  
cavalry, Second Lieutenant Cole,  
Seventh cavalry, assistant, Indiana,  
Evansville; First Lieutenant William T.  
May, Fifteenth infantry, Kentucky,  
Louisville; First Lieutenant Herbert S.  
Whipple, Seventh cavalry, Ohio, Col-  
umbus; Captain Charles M. Rockfellow,  
Ninth cavalry.

**GOING TO THE FRONT.**

Receptions Given Troops as They Started  
to Camp.

Chicago, April 27.—Over 4,000 fight-  
ing men marched out of Chicago last  
night bound for the war. Since the early  
days of 1861 no such scenes were wit-  
nessed in this city as transpired last  
evening in the regimental armories, in  
the streets through which the columns  
marched, and around the trains which

bore them to the camping ground at  
Springfield. The regiments which went  
to the front were the First, Second and  
Seventh regiments of infantry and the  
First cavalry. Each regiment was re-  
cruited to its full strength and carried  
besides a number of recruits who will  
take the places of such men as may be  
compelled to drop out from any cause.

For hours before the time set for the  
troops to move the streets in front of  
their armories were jammed to an ex-  
tent that made them absolutely impos-  
sible to vehicles. At times the pressure  
was so great that detachments from the  
regiments were compelled to clear away  
the throngs from the thoroughfares of  
the armories. When finally the regiments  
moved the scene was such as to bring  
home to every man in the ranks the fact  
that the hearts of the people are with  
them. The cheers drowned the music  
of the brass bands, crowded in upon the  
ranks to shake hands in defiance of the  
military rule with the departing sol-  
diers, many women clung to such of the  
blue clad boys as they could lay hands  
upon, regardless of the fact that they  
had never beheld him until that instant  
and those people who could not reach  
the ranks cheered and waved handker-  
chiefs and flags.

**Gave the Boys \$5 Gold Pieces.**  
Detroit, April 27.—Never since the  
war of the rebellion have such exciting  
patriotic scenes been witnessed as were  
enacted yesterday upon the departure  
of the state militia for mobilization at  
the camping ground at Island Lake, 50  
miles west of Detroit. A crowd which  
has not been equalled since the G. A. R.  
held its national encampment here, wit-  
nessed the departure of the Fourth  
regiment from Detroit. At Fort Hur-  
on members of the local militia com-  
pany were each presented with a \$5  
gold piece and two of their officers with  
horses.

**No True Patriotism In Existing.**  
Cambridge, Mass., April 27.—Prof-  
essor Charles Eliot Norton of the Harvard  
college faculty, addressing the students,  
deprecated the attitude of the Ameri-  
can people which, he said, had brought  
about a war as a means of settling a  
dispute with a weak and inferior na-  
tion and said there was no call for stu-  
dents to enlist, and no true patriotism  
in their doing so.

**Colonel Dick to Join His Regiment.**  
Washington, April 27.—Secretary  
Charles Dick of the Republican national  
committee has left for Ohio to join  
his regiment, the Eighth U. S. N. G., of  
which he is lieutenant colonel and  
which will volunteer as a body for the  
war. The Republican national head-  
quarters of which Colonel Dick has had  
charge, will be closed on May 1.

**General Lee on Waiting Orders.**

Richmond, Va., April 27.—General  
Fitzhugh Lee is on waiting orders and  
has no present intention of going to  
Washington until summoned there. He  
has received no challenge to a duel from  
Lieutenant Ramon de Carranza. Should  
one come, General Lee will ignore it.

**HE LANDED IN CUBA**

Lieutenant Rowan Enters the Is-  
land From an Open Boat.

**GOES TO MEET GENERAL GARCIA**

He Was Detailed From the Bureau of  
Information For the Dangerous Service  
of Notifying the Cuban General That  
It Is Desired He Protect a Landing of  
United States Troops—Capture of the  
Panama by the Mangrove—Spain Hopes  
to Prolong the War and Involve  
Europe.

Kingston, Jamaica, April 27.—Lieut-  
enant Andrew S. Rowan, U. S. A.,  
has landed on the coast of Cuba near  
Santiago from an open boat, accom-  
panied by Cuban guides. He is on his  
way to General Garcia's camp as rep-  
resentative of the war department to ar-  
range for the landing of United States  
troops in eastern Cuba, Garcia to cover  
landing.

Lieutenant Rowan was detailed from  
the bureau of information for this dan-  
gerous service—dangerous because in  
his civilian dress he is liable to be treat-  
ed as a spy.

He speaks Spanish and knows Cuba,  
having written a book on the subject.  
Moreover, he is an expert mapmaker.

Lieutenant Rowan left Washington  
under instant orders on April 9. He  
was directed to wait here, prepared to  
go to Porto Rico or Cuba. As he went  
to eastern Cuba, it is inferred that a  
blow will be struck there before one is  
struck at Porto Rico.

With him he took an official Spanish  
section map of eastern Cuba, with  
emendations made by the war depart-  
ment hydrographers. The expectation is  
that General Calixto Garcia will dispose  
his forces to cover a landing of United  
States troops as pre-arranged. A courier  
with Lieutenant Rowan's first dispatches  
to the war department will probably  
leave General Garcia's camp next week.

**CAPTURE OF THE PANAMA.**

The Little Mangrove Takes the Richest  
Prize Yet.

Key West, April 27.—The lighthouse  
tender Mangrove puffed proudly into  
Key West harbor yesterday with the  
richest prize of the war thus far. The  
captive was the Panama, Captain Quevedo,  
a big transatlantic liner and an  
auxiliary cruiser of the Spanish navy,  
which has been plying of late between  
New York and Havana. She had 29  
passengers, including three women, one  
Frenchman and one Mexican, and a  
crew of 72.

As the Panama carried two 12-pound-  
ers she could easily have annihilated the  
little Mangrove, and as the latter came  
into harbor with her prize, there was  
not a craft but saluted her with rousing  
cheers.

The Mangrove, under Lieutenant  
Commander William H. Everett, who  
came down from the hydrographic  
office a few weeks ago to take her, was  
cruising along the Cuban coast, about  
20 miles north of Havana when she  
sighted the Panama. The only other  
ship of the fleet in sight was the battle-  
ship Indiana, three miles to the rear.  
Lieutenant Commander Everett sent a  
prize, and scudded towards the stranger.  
When the latter came within range  
a shot from the Mangrove's 12 pounder  
sent across her bows, but the Span-  
iards ignored the challenge and went  
on. Another shot followed without re-  
sult, but the Mangrove was drawing  
nearer the stranger, who calmly pro-  
ceeded on her course, apparently with-  
out any intention of running away.

When the third shot was fired the  
Mangrove was within 100 yards of the  
Panama and Lieutenant Commander  
Everett shouted to the deck officer that  
if she did not surrender he would sink  
her.

The Mangrove's officers admit that  
they expected the enemy's 12-pounder  
to open on them in response to the  
threat, but the Spaniard promptly came  
to. Ensign Dayton, the senior officer of  
the Mangrove, boarded the prize.

The Panama is of about 2,800 tons  
burden and Captain Quevedo was grief-  
stricken and greatly humiliated because  
of the capture. The Panama carries a  
valuable cargo of general merchandise,  
including a large quantity of corn.  
Much of it was meant to provision the  
Spaniards in Cuba, and the cargo, with  
the ship, undoubtedly makes the richest  
prize thus far taken. Under the regu-  
lations, however, the battleship Indiana  
will share in the prize money, as she  
was in sight when the capture was made.

**SPAIN'S INTENTION.**

She Will Prolong the War In Hopes of  
Involving Europe.

Madrid, April 27.—Senator Silvela,  
the leader of the dissident Conservatives,  
says Spain has already lost the material  
advantages resulting from the posses-  
sion of Cuba, but will fight to the last  
on the question of maintaining the flag,  
preferring to fight America openly,  
rather than America secretly fomenting  
insurrection.

The result of defeat, as Senator Silvela  
puts it, will only mean a loss of what  
has already gone, since Europe would  
not allow any army of occupation in  
Spain pending the payment of war in-  
demnities. The Conservative leader says:  
"It daily becomes clearer that Amer-  
ica has blundered into a war that will  
be disastrously expensive to her, what-  
ever the outcome. The fault lies with  
the jingo papers in urging American

statesmen beyond the bounds of reason-  
able demands of good government for  
Cuba. America is justified on that  
point, but not justified beyond it."

It is argued by the press that the war  
must be disastrous to the true interests  
of the United States. Spain intends to  
prolong it "until European interests are  
involved and the powers are compelled  
to intervene in self-defense, or until the  
expected general conflagration of Europe  
against Anglo-Saxon domination is  
brought about."

Spain's determination to set the world  
ablaze rather than to withdraw from the  
conflict dishonored is very marked.

**NEWS FROM HAVANA.**

Don't Know War Is In Progress—No Evi-  
dence of Starvation.

On Board the Flagship New York, off  
Havana, via Key West, April 27.—The  
first news from Havana reached the  
squadron when the British steamer Luc-  
eline was stopped by the flagship. The  
Luceline is commanded by Captain  
Tucker. She hails from London and  
was bound from Havana for Bermuda  
and Philadelphia. She has about 200  
Cubans—men, women and children—on  
board, besides a cargo of horses and  
sugar. She is the first boat known to  
have left Havana since last Friday,  
when the blockade was commenced.  
She was seen coming out from El Morro  
and was about six miles from land be-  
fore the New York started on her trail.

Lieutenant Marble was sent on board  
by Captain Chadwick. The Cubans on  
the Luceline's deck shouted "harrah!"  
and waved their hands at the New York.  
Captain Tucker gave satisfactory proofs  
of the Luceline's identity. He said that  
the people in Havana did not know  
that the war was in progress. The En-  
glish consul general, Mr. Gollan, had  
said nothing to him, so Captain Tucker  
alleged, about the war or the blockade.

After a careful inspection, Lieutenant  
Marble left Luceline. Three cheers were  
given when he went over the side.

**Germans Want to Get Out of Cuba.**

Kingston, Jamaica, April 27.—The  
Germans at Trinidad, Cuba, have called  
the German consul here to send a vessel  
to take away a number of Germans. As  
yet the local German official has not en-  
gaged a steamer. Alfredo T. Triay,  
United States consul at Baracoa, Cuba,  
who has been here for some days, sailed  
from Port Antonio today for Baltimore.

### VOTE FOR THE ROAD.

Saturday is the date fixed for voting on the proposed Seymour and Dudleytown gravel road by Jackson and Washington townshp. It seems to us that this road should be constructed, since it would be of much utility to both township. The people along the line of this proposed road are anxious for it and are willing to bear their part of the expense. They are much in need of a better road than they have and should have it. Such an improvement cannot help being other than of great value to all concerned. Let the voters turn out Saturday and vote for the road.

Discovered by a Woman.

Another great discovery has been made and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at W. F. Peter Drug Store. Regular size 50c and 1.00. Every bottle guaranteed.

The commencement was a success. Quite a large crowd in attendance and good order prevailed. The Cortland orchestra furnished excellent music and the graduates all acquitted themselves with high honor.

We agree with some part of the opinion of the Honeytown correspondent, but we do believe that here we could furnish men who would honestly discharge their duties as superintendents and see no reason why we cannot as well have good gravel roads as any place though it may cost a little. We are paying to keep up gravel roads elsewhere over the county and why not let a little go on home roads. So if you are about to vote against your own interests think twice and change your mind for the right as you will in time be bound to see.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; he has sold hundreds of bottles of this remedy and all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. ## SWAMP LAND DECISION.

Case of Mason Against the Calumet Canal and Improvement Company.

Indianapolis, April 27.—A decision in the case of Mason against the Calumet Canal and Improvement company was rendered yesterday by the supreme court. It determines the title to the lands formerly covered by the waters of Wolf lake and Lake George. The court holds that the original survey of 1834 and sales made under that survey are valid, and that the subsequent survey of 1875 and sales made thereunder are invalid. It is further held that the original grantees of the government and their successors have had such possession of these lands as is possible for wild, wet and uncultivated lands, and that persons claiming under the last survey can not out them by a claim of adverse holding for 20 years.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

## CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder trouble. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, get your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness of this offer.

## AN OPEN LETTER To MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

This is the original "CASTORIA" which has been used in the homes of the Mothers of America for over thirty years.

LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of Chas. H. Fletcher wrapper. No one has authority from me to use my name except The Centaur Company, of which Chas. H. Fletcher is President. March 24, 1898.

Do Not Be Deceived.

Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know.
